NICHOLLS STATE UNIVERSITY

ABOUT THE HONORS PROGRAM

The University Honors Program at Nicholls State University is designed to support and enrich high-achieving and highly motivated university students. The program provides enhanced educational experiences for a community of intellectually curious and academically talented students by providing challenging and creative opportunities that foster a lifelong love for learning.

Through innovative teaching, honors students receive a distinctly personal education that significantly involves them in the learning process. Because enrollment is limited, honors classes allow students to learn and thrive in small groups.

Students enrolled in the University Honors Program are entitled to special classes, privileges, and experiences not available to the general student body. These exclusive opportunities include:

- First-Day Early Registration for Classes
- Honors Study Center
- Special Scholarships
- Individualized Advising
- Honors Leadership Program
- Small-sized, Honors-Only Classes
- Extramural Activities
- Special Social and Cultural Events
- Spring Honors Forums
- Service on the Honors Student Council
- Honors-Certified Grades Transcript
- Graduation with Honors Award
- *Honors Abroad*

Honors Abroad is an exciting component of the University Honors Program. *Honors Abroad: England* for junior honors students involves study at the University of Plymouth for four weeks during the summer (July) and includes excursions to London, Oxford, Wales, and the West Country of England. *Honors Abroad: Costa Rica* for senior honors students involves two weeks of study in Costa Rica during the winter intercession, including excursions to rain forests, volcanoes, historical sites, and coasts of the Atlantic and Pacific Oceans.
