

As part of the requirements for Biology 155 you must submit an electronic copy of your lab report through Turnitin.com. The instructions for doing this are here:

How to submit your lab report through Turnitin.

Go to www.turnitin.com

In upper right corner, click on “Create Account”

In lower center, click on “student”

For class ID enter 4552496

For class enrollment password enter BIOL155

Finish filling out the rest of the page with your information. Use your real name so that I’ll know who submitted the lab report written by you.

Click on “I agree – create profile”

You should see a page with Biology 155 listed on it. If you don’t, click on “enroll in a class” and select Biology 155.

Click on Biology 155.

You should see the assignment “Biology 155 Lab Report”

Click on “Submit”

Under “choose a paper item submission method” choose “single file upload”

Fill in the submission title with “Lab Report”

Click on “Choose File” to browse to your file. Click on the name of the file containing your lab report and click “Open”

Click on “upload”

At step 2, click on “submit”

On the next page click on “go to portfolio”

You should see “Submission for this assignment is complete”
If you have problem, email me and I’ll see what I can do.
