

## 2009—2010 GRADUATE COURSE VERIFICATION

INSTRUCTIONS: Complete this form and return it to our office.

Because you are a graduate student, we must verify that you will be enrolling with the number of graduate level hours required to receive a graduate level loan.

Graduate loan limits apply only when you have been admitted as a degree candidate in a graduate program and have begun to take enough courses to qualify as at least a half-time student on the graduate level. If you enroll with preparatory coursework to enter a graduate or professional program, you are eligible to receive financial aid for a period of one calendar year (12 month consecutive period) at annual loan limits established for fifth year undergraduates.

Please read the following statements and check the **one** that applies to your situation.

- I will enroll with at least six hours of courses that count toward my graduate degree, not including prerequisite courses, during the **Fall 2009 and/or Spring 2010** semester(s). I will remain enrolled with the required number of hours through the 14th day of classes, the date that records become official. I understand that I may be required to repay any amount awarded to me if I do not remain officially enrolled in the required number of graduate level hours.

**OR**

- I will enroll with at least six hours of undergraduate level courses during the **Fall 2009 and/or Spring 2010** semester(s). If I enroll in graduate prerequisite courses, a certification program or a pre-certification program, please process my loans at the annual loan limit established for a fifth year undergraduate.
