NSU Orientation

Orientation for the upcoming fall semester will begin on April 7th and 8th, 2009. Orientation is important because it is sometimes the first introduction to college life that the student will encounter. Students are shown all that Nicholls State University has to offer along with up close and personal information about their major. Parents can also get to know the place where their son/daughter will be spending a great deal of their time for the next several years. It is a good time for parents to visit our Center also.
