1. Residence hall accommodations are operated on a room-and-board basis: that is, all students living in the residence halls must contract for both services. The housing and food service contract is for two semesters (fall and spring), one semester (spring), or a single summer session basis. Students entering into a contract must live in the residence hall for the entire contract period and must pay rates as published in the registration bulletin. All contracts will automatically renew each fall for an additional fall/spring period unless a release from contract is sought prior to the start of fall.
2. Applications for the Housing and Food Service Contract may be filed at any time and must be accompanied by a \$150 room retention and damage deposit, as well as a \$50 non-refundable application fee. A student may cancel this contract and recover the \$150 deposit if written notice of cancellation is received in the Office of Housing Operations no later than 45 days prior to the opening of the residence halls for the contract period. Students must claim space by 5PM on the day before classes begin. The deposit may be refunded at the end of the contract period less any charges for damage and indebtedness due the University. Occupants are liable for damage to University property.
3. Payment of the Housing and Food Service Contract must be made in accordance with University policy (see current registration bulletin). Students who fail to make contract payments when due will be subject to eviction from the residence halls and cancellation of meal privileges. The student will remain indebted for the balance due the University. The deposit will be forfeited.
4. Students must be enrolled on a full-time basis throughout the contract period. Exceptions may be granted by the University on a case-by-case basis. Written requests must be made to the Office of Housing Operations.
5. Students who resign or who are suspended from the University or who are directed to vacate the residence halls due to a discipline matter must vacate the premises the day the resignation/suspension/eviction is effective. Students remaining enrolled but electing to move from the residence halls, or students suspended/evicted will not receive any refund of fees paid or reduction of charges under the housing and food service contract. Students resigning from the university will be subject to the university refund policy (see bulletin). Students evicted for non-payment of fees will be charged on a pro rata basis for each day the student is checked in the residence hall.
6. All occupants agree to allow the University to enter onto the premises where the University has cause to believe that significant damage has occurred or is occurring, to make repairs, for compliance with housing and University regulations, and to take action to protect the health and safety of residents, guests, and the University community.
7. The University reserves all rights in connection with room assignments and termination of occupancy. Transfers to other halls must be authorized by the Office of Housing. The University will not be liable for loss of money, valuables, clothing, or any personal property. It is recommended that students obtain renter's insurance. Students may not bring furniture, equipment and appliances into the residence halls without special permission from the Office of Housing Operations. Students may not alter paint, furnishings, or any other fixture of rooms.
8. Students who leave the residence hall for any reason during the contract period will forfeit the \$150 deposit. In addition, charges will apply as noted in item 5 above.
9. This contract is effective on the date the contract is signed, contingent on acceptance to Nicholls State University.
10. **This contract does not include payment for room during official University holidays**, i.e. Thanksgiving, Mardi Gras, Easter, Spring Break, or days between semesters/sessions. Special housing contracts are available for these periods. Contact the Office of Housing Operations.
11. The applicant agrees to abide by the terms of this contract, residence hall and food service regulations, and the Code of Student Conduct. Violations of any University policy may result in eviction from the residence halls. Students suspended from the University or who are evicted from the residence halls due to a discipline matter will NOT receive a refund or reduction in fees due/paid for housing and food service. The \$150 deposit will be forfeited.
12. The University cannot be used as a storage facility. Any items left after a semester's completion will be held for 1 week and then disposed of. If a student is suffering from some hardship and cannot remove the items, an additional week may be provided. After this time, all items will be discarded. Housing Policy 6.08 applies, obtainable at [www.nicholls.edu/housing](http://www.nicholls.edu/housing).
