### Pre-Law Program

Most law schools require the baccalaureate degree before admission. Although almost any degree is acceptable, the College of Arts and Sciences recommends a degree in political science or history. In addition to the course requirements for the major, students should schedule FACS 400, GOVT 399, GOVT 400, BSAD 221, BSAD 324 and MACO 370. In the fall of their senior year prospective law school students should take the Law School Aptitude Test (L.S.A.T.).

## PRE-OPTOMETRY NON-DEGREE PROGRAM

Pre-Optometry is a two-year non-degree program that prepares a student to enter a school of optometry. Each pre-optometry student will follow the first two years of the chemistry curriculum with appropriate substitutions as approved by the advisor and the head of the Department of Physical Sciences. Most schools of optometry recommend that the student complete three or four years of undergraduate study prior to admission. The typical school of optometry prefers the student with the baccalaureate degree.
