DEPENDING ON YOUR FIRST MAJOR, IF YOU TAKE AN AVERAGE OF 18 HOURS EVERY SEMESTER AND HAVE AT LEAST 3 HOURS OF ADVANCED CREDIT (ACT, AP, CLEP), YOU MAY BE ABLE TO COMPLETE A CHSC MAJOR IN ADDITION TO ANOTHER MAJOR (SUCH AS BIOLOGY) WITHIN FOUR YEARS. TO DO SO,

1. YOU MUST TAKE ALL THE COURSES LISTED BELOW (73 hours).
2. YOU MUST HAVE AT LEAST 30 HOURS OF COURSEWORK BEYOND WHAT YOUR FIRST MAJOR REQUIRES. Courses below that count toward your first major do not count towards the 30 additional hours. Courses that you took that did not count towards the first major will count towards the 30 additional hours.

Figuring out how much more time would be required,

1. Identify all courses below that you have to take for your first major anyway. Add up the total hours for these: _____; these cannot be included in the 30 additional hours required for a second major.
2. Subtract #1 from 73 hours. If this number is 30 or more, you just need to take the remaining courses below. If this number is less than 30, ANY other course with a grade of at least D (C for CHEM) or S, including advanced credit can count towards the 30 additional hours required. Meet your adviser so you plan ahead taking into account prerequisites and some courses that are only offered once a year (Fall or Spring).

FRESHMAN	<i>Fall Semester (recommended hours)</i>	<u>Prerequisite Information</u>	<u>Hours</u>	<u>Grade</u>	<u>Year/ Semester</u>	<u>COMMENTS</u>
