Bridge to Independence

## **Bridge to Independence- Certificate Program Admission Procedure**

The Bridge to Independence **Certificate** Program at Nicholls State University is an inclusive, comprehensive educational and independent living program with a vocational component for young adults, ages 18 to 28 with intellectual disabilities (ID). The program length is currently two years with optional additional years for remediation or special employment opportunity. Bridge is not a place, but a service to develop leadership and independent living and employment skills. Full participation in all components of Bridge, (i.e.: instruction time, out of class academic supports, participation in campus activities and vocational training) are required. Living in the Residence Hall is optional but recommended in most cases in order for the student to fully experience and learn independent living skills.

### **Criteria**

**Applications must be submitted only for individuals who are able to:**

- Function without attendant care for personal needs.
- Independently and accurately manage and administer their medications.

**Further, the program will consider only individuals that meet the following criteria:**

- The applicant must have an identified intellectual/developmental disability.
- The age range of students to be accepted is 18 - 28 years of age.
- The applicant must have received a certificate of completion or equivalent from a high school program.
- The applicant must be able to read prescriptions, store medications as well as self-medicate.
  - The applicant must possess enough self-help skills and responsibility to be able to safely and independently function in his/her residence room if utilizing Nicholls housing, with minimal to no supervision after program hours.
- The applicant must have acceptable social behavior, verified by previous schools, family, and/or agency personnel as well as the ability to get along with peers and follow rules.
- The applicant must be willing to participate in all hours of instruction and job internships during the week, as well as participate in occasional supported learning afterhours and on some weekends.
- The applicant must have a strong desire to complete the program.
- The applicant must be free of any communicable diseases that are transmissible by casual contact and all immunizations must be up to date. He or she must have health insurance (i.e. private or Medicaid).
- The applicant must be able to participate in a personal interview.
- The applicant is required to provide a current (within 3 years) evaluation (1508 Special Education Evaluation with current testing) from their exiting school board Pupil Appraisal Center or private provider
- The applicant must have the necessary income requirements:

o Academic Tuition, University Fees, Room and Board (if applicable), and Bridge Fee

These can be paid by: Private Pay, Pell Grants, scholarships and funding from Louisiana Rehab Services

o Course Materials and Textbooks, as required by Instructor

Nicholls State University  
Bridge to Independence

Financial assistance may be available. Parents should complete the FAFSA to determine if their student qualifies. Students under 24 years of age are considered dependents of their parent. Once a student is 24, the student is no longer considered a dependent and should qualify for a Pell Grant on their own. Applicants who receive Social Security Benefits can also use their monthly income towards the cost of on campus housing.

**Good reasons for referring a student:**

- The applicant is interested in pursuing academic interests on a college campus.
- The applicant expresses a desire to live independently and is ready to make a commitment to learning independent living skills.
- The applicant expresses a desire to become employed and is willing to learn vocational skills.
- The family is supportive of the applicant's decision and is willing to partner with the Bridge Program.

**Wrong reasons for referring a student:**

- The family wants the applicant out of their home.
- It seems like a good idea to separate the applicant from their family.
- The applicant has lost the motivation for learning in their present environment.
- The applicant feels ready to live independently, but the family, teacher and case manager does not feel they are ready.

If the applicant **does not** meet the criteria for the Bridge Program, they may reapply or are encouraged to search other options through their case management agency, online exploration, and through their local school districts.

## **Scope of Services**

The Bridge Program is designed to address the unique needs of students with intellectual/developmental disabilities.

### **ACADEMICS**

Participants in the Bridge Career program at Nicholls State University are not enrolled through traditional means, as the matriculated, degree seeking students of Nicholls State University are. Bridge students enroll through the Bridge to Independence Program and receive a **Certificate of Achievement** and an “Unofficial Nicholls State Transcript” through the Bridge Career Program.

### **HEALTH SERVICES**

Bridge students have access to campus Student Health Center services. These services are for immediate first aid/onset care only. Bridge students need to make other medical arrangements for long term care issues. Likewise, counseling and psychological services provided by the Student Services are also for immediate emergency interventions only. Students with pre-existing/ongoing concerns should make the necessary arrangements for these known issues. Bridge does not endorse any physician or counselor and therefore does not make referrals. As part of the College of Education, individual and group counseling services may be available to Bridge students. These services are provided by graduate level counseling students supervised by a Ph.D. instructor. Once again Bridge does not endorse these services and participation is optional.

## **CODE OF CONDUCT**

All Bridge students will be expected to abide by the student code of conduct as outlined, <http://www.nicholls.edu/sja/files/2015/06/Code-of-Student-Conduct-Handbook.pdf>. Bridge students will follow policies of the judicial system and the recommendations of the Vice President of Student Affairs as well as the Bridge Accountability Policy. Any resulting disciplinary action will follow in accordance with Nicholls State and/or Bridge policies. These policies include permanent or temporary expulsion of a student. Parents/guardians will need to acknowledge that they will be active members in holding their student accountable for their actions.

### **PARENTS/GUARDIANS**

Parental involvement is crucial for student success in the Bridge Program. Parents will be incorporated in many important decisions that their student may make through Bridge Individual Planning Meetings.

Nicholls State University  
Bridge to Independence

However, there may be times that Bridge is bound by confidentiality or judicial rulings, and may be unable to share information about the student without his/her permission. The Bridge Program goal is to support students in becoming independent adults, capable of self-advocacy and self-determination. Parents may not always agree with the decisions that their students make, but should maintain a positive and open relationship with all parties.
