Please provide any additional information about or descriptions of the supervised clinical experiences:

Candidates in our Certification Only (Alternative Non-Master's Certification Program) and MAT Programs complete an Internship. In some instances, candidates have three years of teaching experiences in which the Louisiana State Department of Education provides a waiver of Internship for the Certification Only route. For candidates completing Internships, candidates enroll in Internship for two semesters. Candidates are employed by a school district and assigned to teach in the area in which they are seeking certification. University coordinators are assigned along with mentors from the school district, and candidates are expected to perform satisfactory on all teacher evaluations – performing all of the duties and responsibilities of K-12 teachers. Candidates also participate in seminars at the University throughout the semester.

Enrollment and Program Completers

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

- >> [Teachers Prepared by Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2019-20.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

No teachers prepared in academic year 2019-20

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2019-20. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Candidates enrolled in the Certification Only Program and MAT engage in field experiences as they begin the program. Candidates engage in lesson planning and implementation in schools in the region. In many instances, these candidates obtained employment in the districts in the region as they matriculate through the program. There is a one-year internship that is a program requirement where candidates receive intense supervision by university faculty, mentor teachers and practitioners in the schools, and practicing principals.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

1. Did your program prepare teachers in mathematics in 2019-20?

If no, leave remaining questions for 2019-20 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

The goal would be to add 7 participants in the program.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We will attempt to increase enrollment through recruitment in our university and partner outlets. We will also increase our visibility at local career fairs and college admissions fairs.

6. Provide any additional comments, exceptions and explanations below:

Review Current Year's Goal (2020-21)

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. ([§205\(a\)\(1\)\(B\)](#))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All classrooms in the College of Education and Behavioral Sciences are equipped with current technology which mirrors the technology provided to teachers in the regional school district. Programs embed the use of various instructional technologies throughout the curricula. In order to provide candidates with the necessary tools to evaluate their teaching, the EPP has invested in Swivl technology. This video based form of self-reflection increases collaboration with mentor teachers as candidates may view their teaching and time stamp the video with reflective comments and strategies for improving classroom management and student outcomes. The use of Swivl technology was successful and will continue to be used.

Teacher Training

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

General education teacher candidates take a number of courses that focus on how to teach students with disabilities effectively and the methods, strategies, and practices that are needed to be successful in the classroom.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Through coursework in the program students examine and analyze the creation of and implementation of the IEP process and how it is detailed in federal law including section 614 (d)(1)(B) of IDEA. Additionally, students are encouraged through their role as a teacher to be involved initially as an active collaborator with the process leading up to and including the IEP meeting. This occurs in several courses and is documented via assignment in those courses as well as a log of experiences and reflections.

c. Effectively teach students who are limited English proficient.

Students are exposed to EL students throughout the program through their field experiences and are encouraged to work with the teachers in the classroom to work with students labeled as limited English proficient.

2. Does your program prepare special education teachers?

- Yes
 No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

All methods courses in special education require candidates to plan and implement appropriate modifications and accommodations and utilize evidence-based teaching strategies for students with disabilities.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Through coursework in the program students examine and analyze the creation of and implementation of the IEP process and how it is detailed in federal law including section 614 (d)(1)(B) of IDEA. Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Through our CAEP Assessment System, advisory meetings are held with our K-12 stakeholders for all programs. Our K-12 stakeholders reveal critical shortage areas in middle school, STEM secondary teachers and special education teachers. In addition to the regular Certification Only program offered by the College of Education and Behavioral Sciences, the college now offers the Master's in Teaching degree in critical shortage areas as an option for candidates with Baccalaureate degrees to seek and advanced degree while earning their initial certification.
