FOR MORE DETAILS

Have you or someone you know received accommodations for dyslexia, a different learning disability, or ADD/ADHD in high school and are wondering how to continue these services in college? Are you interested in finding out what the Dyslexia Center has to offer as well as take a tour of the center? Well, here is a perfect opportunity for you! There will be two open houses for students, parents, and teachers. The same information will be presented at each one. At your visit, you will learn about admission requirements and services and technology provided to students within the Dyslexia Center.

Anyone interested in learning more about the LA Center for Dyslexia's College Program is welcomed to attend. Open house is especially tailored for any junior or senior in high school, present NSU students, and crossed enrolled students and their parents who are interested in what the Dyslexia Center has to offer. If you have any questions, please call 985-449-7023.
