

**CAEP Standard 4**  
**Initial Program Completer Data; MEASURE 4**  
**Nicholls State University**  
**CAEP 2025 Annual Report**

**Measure 4 Initial: Ability of completers to be hired in their certification area**

Across the F23 - S24 the EPP graduated 56 initial program completers in undergraduate and post baccalaureate programs. The Louisiana Department of Education sends the EPP's annual employer data for program completers prior to the release of the EPP's Performance Profile. The Performance Profile is the accountability tool through which the state Quality Review System (QRS) and the EPP's impact on schools is reported. The EPP used surveys, district websites and social media to track the employment status of the 56 program completers.

Of the 56 initial program completers 46/56 Candidates (82%) are currently teaching in their certification areas; 6/56 (11%) are teaching in private schools or outside of their initial certification; 1/56 Candidates (2%) are working as Graduate Assistants and/or enrolled in graduate school; and 3/56 Candidates (5%) were not trackable via surveys, texts and social media. These candidates may be teaching in their certification area but the EPP does not have evidence on their current employment status.

Of the 56 initial program completers, 53 (95%) are currently teaching or enrolled in graduate school and 3/56 have not been tracked (5%).

The EPP will receive confirmation of employment, and data on the 3 "missing" program completers from the LDOE in summer 2025.

Certification Area	School	Position	Fall 2023 Teaching in Cert Area
