PARKING REGULATIONS SYNOPSIS

1. Any vehicle parked on campus must be registered with the Office of Parking Services and must have a current Nicholls parking permit properly displayed. This includes visitors’ vehicles and those parked on campus for any reason at all times. Students attending night classes, on-line classes, and those not regularly on campus for classes must still purchase and properly display a current parking permit.

2. Permits are obtained at the Office of Parking Services located at University Police in Calecas Hall (corner of Acadia and Ardoyne). Vehicle registration papers are required. The permit fee is payable at the Controller’s Office (Elkins Hall) or on-line through your Banner account. Visitors’ permits are offered at no charge. Students, faculty, and staff are at no time considered visitors and may not utilize visitor passes or parking areas.

3. Faculty and staff may only park in faculty/staff zones, marked by signs or by red curbing. Proper permit is required.

4. Residence Hall Students may park near any residence hall (including Family Housing and La Maison du Bayou). Proper parking permit is required. If you move from your residence hall to off campus, you must return your residence hall decal for a commuter decal. There is no cost to exchange.

5. Commuter students may park in all parking lots (including lots near Barker Hall and the stadium) except those lots attached to residence halls or La Maison du Bayou. Commuter students may also park on any campus street marked with gray curbing, unpainted curbing or unprinted curbing. Proper parking permit is required. If you move to a residence hall or La Maison du Bayou, you must return your commuter decal for a residence decal. There is no cost to exchange. Commuter students with a proper permit visiting at La Maison du Bayou must register at that office for a visitor parking permit at all times.

6. Fees for all citations (excluding citations for no permit) are $50.00. Citations received for no permit are $20.00. Citations issued for parking in a disability zone without a state issued permit are $250. The appeal of a parking citation must be completed by 20 days from the date that the citation is issued. A one-time delinquent fee of equal value for each violation is charged if an appeal or payment is not made within 20 days of the citation being issued. Community Service is available in lieu of paying the fine. You can apply for community service at University Police. You must apply within 20 days of the citation being issued.

7. The purchase of a Nicholls parking permit does not guarantee the registrant a parking space in a particular area.

8. The University assumes no responsibility for vehicle damage or vehicle’s contents at any time the vehicle is operated or parked on campus.

9. The University reserves the right to tow away and impound a vehicle at the owner’s expense if the vehicle is parked in any place creating a potentially hazardous condition, is parked in a handicapped space without authorization, is abandoned, is in any unauthorized area, is in violation of this Code, is parked on campus after parking privileges have been suspended, or if the individual fails to pay parking fines on time.

10. Special Parking: Persons requiring special parking privileges should contact the Office of Parking Services (448-4942). For example: Any person requiring a number of parking spaces for an event on campus, or a temporarily or permanently mobility impaired person, should obtain special parking privileges.

11. Visitors may park in identified visitor parking spaces (identified by signs and/or white painted curbing) on campus or in student lots identified with gray or unpainted curbing. Visitor parking permits are available at University Police. Students, faculty and staff are at no time permitted to park in a visitor parking space or obtain a visitor parking pass.

12. Short-Term Parking: Permits are available at the Office of Parking Services for short-term parking, visitors, special events on campus, and any individual whose regular vehicle is temporarily unavailable.

13. If coming to campus for a specific activity, the sponsoring office will issue parking instructions to visitors.

14. Vehicles of any kind may not be parked on campus for advertising purposes at any time.

GENERAL INFORMATION

The operation of a vehicle on the Nicholls State University campus is a privilege granted by the University. The purchase of a Nicholls parking permit does not guarantee the registrant a parking space, nor does it imply the University assumes responsibility for that vehicle or its contents.

Parking is permitted only in designated parking areas or zones. Vehicles are prohibited from parking on any campus lawn at any time unless authorized to do so by the University. Vehicles parked on any campus grounds area, on sidewalks, in freight zones, in no parking zones, in fire lanes, in traffic lanes, in pedestrian crosswalks, in fire hydrant zones, too close to intersections, in front of barricades, in handicapped spaces, in restricted areas, unless authorized, are in violation of Nicholls parking regulations and are subject to being towed at the owner’s expense.

During any semester or session, faculty, staff and students must park only in zones which the official University parking permit entitles them to use. All handicapped persons requiring special parking should contact the Office of...
Parking Services. Permits on vehicles that will no longer be used on campus (i.e. traded in, sold, totaled, etc.) must be returned in any condition in order to receive a replacement permit for another vehicle at no charge. Parking Services also will accept official paperwork from the insurance company stating that the specific vehicle which had the permit registered to it has been totaled or official paperwork from a dealership or notary showing proof of trade-in or sale. There is no cost to exchange a permit, but there will be no refund of purchase price in lieu of exchange.

The University reserves the right to tow away and impound a vehicle at the owner’s expense if the vehicle is parked in any place creating a potentially hazardous condition, is parked in a handicapped space without authorization, is abandoned or in any unauthorized area, is in violation of this Code or is parked on campus after parking privileges have been suspended.

University Police enforces traffic and parking regulations established by the University, city, and state. University Police Officers are duly commissioned under the laws of the state of Louisiana, city of Thibodaux and the University. These officers are authorized to make arrests and issue citations for all types of traffic and parking violations.

### VEHICLE REGISTRATION

1. Any vehicle parked on campus regularly, occasionally or temporarily during any semester or summer session is required to have a current Nicholls parking permit properly displayed. Permits may be obtained at the Office of Parking Services upon completion of the application and presentation of vehicle registration. It is your responsibility to provide all items requested in order to receive a parking permit. Students attending night classes, on-line classes, and those not regularly on campus must still purchase and properly display a current permit while on campus.

2. Persons visiting the University are exempt from purchasing a University parking permit but must obtain a visitor’s permit (See Visitor Parking). Registered students and faculty/staff are not allowed visitor parking at any time.

3. Anyone who operates a vehicle on campus and is classified as an employee of the University or student (including students enrolled in evening and off campus classes) must register that vehicle. Any vehicle operated on campus on a regular or occasional basis for the convenience of an employee of the University or student must be registered. Temporary parking permits are available to students whose vehicle with a parking permit is not available. Each student is allowed two (2) free temporary parking permits per semester as long as the student has previously purchased a parking permit for that academic year. Any student receiving a temporary parking permit who has not purchased a permit yet will be charged the full price of a permit.

4. A vehicle is not registered until it has the current permit properly affixed to the vehicle.

5. Vehicle registration is required prior to the first day of class of any semester. Parking citations are issued on the first day of classes of any semester.

6. Parking permits can be obtained during and after class registration at the Office of Parking Services. On-line registration is available for a limited time during the summer for the upcoming Fall semester. On-line registration is not available for Spring parking permits. If you do not register your vehicle on-line (complete an application) you must pick up your permit in person at University Police. The fee for a parking permit is not added to your account unless an application for a permit is submitted.

7. The price paid for the parking permit will be refunded only to a student who returns the parking permit unused and undamaged in the semester in which the permit was purchased. If a parking permit has been used, the price paid for the permit will be refunded only if the student withdraws from the University prior to the first day of classes of the semester which the permit was purchased. The student must still return the permit to the Office of Parking Services. Students who pay for a permit but have not received a permit may request a replacement permit prior to the 14th class day. Students who receive a permit by mail through on-line registration and do not activate and attend classes will be indebted to the university until the unused, unopened permit is returned.

8. A student may not register a vehicle belonging to another student. Parking permits will not be released to ANYONE other than the student registered at Nicholls State University.

9. A faculty or staff member may not register and obtain a faculty/staff permit for a vehicle that will be operated by a student on campus. Each student, faculty or staff member must purchase a permit for the vehicle he/she will park on campus.

10. The registrant will be responsible for all parking citations issued to his/her permit or vehicle, even if someone other than the registrant was operating the vehicle.

11. Students, faculty and staff are responsible at all times for their own acts constituting illegal parking, whether the acts are committed in their own vehicles or in vehicles licensed to another.
**PERMIT DISPLAY**

1. Student permits must be affixed directly to the outside of the passenger side of the rear windshield. Permits may not be taped to the inside of the window. Registrants must contact the Office of Parking Services if unable to affix to rear window due to vehicle design (i.e. convertible, tool box, etc.).

2. The owner of a registered vehicle must notify the Office of Parking Services whenever a permit has been destroyed, lost or stolen. Replacement of lost or stolen permits will be at the regular purchase price. Replacement permits are available at no cost ONLY when the used permit is returned. Contact Parking Services for instructions if the used permit is no longer accessible.

3. Student permits are not transferable and can only be used for the specific vehicle registered. Faculty/Staff permits are moveable from one vehicle to another as long as the vehicles are registered to that permit.

4. ALL expired or previously issued permits should be removed from the vehicle.

5. Motorcycles/Scooters are exempt from purchasing a permit but must adhere to the University parking and traffic regulations. (See Other Vehicle Regulations)

The University reserves the same right.

**Suspension of Parking Privileges**
Individuals may also appeal a suspension of parking privileges to the Parking/Traffic Appeals Committee. The appeal will be handled following the same procedures listed for appeal of citations. Visitors are entitled to use certain designated parking areas with a visitor parking pass but may not park in no parking zones, handicapped areas (without DMV permit), spaces reserved for service vehicles, restricted areas (red curbing/headstones) or loading zones. Visitors receiving citations for parking violations should report in person to the Office of Parking Services immediately upon receipt of citation.
Vehicles operated on campus by students or employees of the university or any person who regularly works on campus are not eligible for classification as a “visitor” vehicle under any circumstance. Anyone who operates a vehicle on campus and is classified as an employee or student of the University or who regularly works on campus must register the vehicle and properly display a current parking permit.

Large groups, such as conventions, conferences, etc., who anticipate visiting the campus must make advanced special parking arrangements. (See Special Event Parking below)

All visitors on campus must park in the designated visitor parking areas or student parking lots and display a visitor’s permit obtainable at the Office of Parking Services.

SPECIAL EVENT PARKING

An event which is expected to attract more than 40 vehicles and is to be held during daytime class hours must be registered by contacting the Office of Parking Services (985-448-4942) at least one month prior to the event to arrange for parking.

Temporarily mobility impaired students may request a “Temporary Faculty/Staff Permit” by submitting certification from a physician indicating that the applicant is impaired because of one of the conditions listed below. The Office of Parking Services reserves the right to accept or reject requests for Temporary Handicap Permits. Temporary Permits will only be issued for a 2-week period unless the physician’s note states otherwise. FREQUENTLY ASKED QUESTIONS

VEHICLE REGISTRATION

How do I register my vehicle?
There are two ways to register and receive your permit.

1. You can register on-line during the summer prior to the upcoming fall semester at www.nicholls.edu/parking and receive your permit by mail at home. If you are an employee you can have your permit sent through campus mail. The dates during which you can use the on-line application will be posted on the website.
2. You can use our walk-up service (register and receive your permit) between 8:00 a.m. and 4:00 p.m. Monday – Friday in the Parking Office in Calecas Hall. New permits for the upcoming fall semester will only be given directly from our office after the on-line application is no longer available.

**REMEMBER: YOUR PERMIT MUST BE PLACED ON YOUR VEHICLE BY THE FIRST DAY OF CLASS OF ANY SEMESTER**

**What if I have to drive a second vehicle?**

**Faculty/Staff** - Because of the type of permit, employees may register two vehicles to the same permit, thereby simply moving the permit from one registered vehicle to another registered vehicle. All vehicles used with an employee’s permit must be registered with the Office of Parking Services. Should an employee forget to move the permit from one vehicle to another, they are given the same options for temporary permits as students.

**Students** - In the event that a second vehicle must be used, Students should pick up a temporary permit from Parking Services. There is no charge for a temporary permit as long as a parking permit has been paid for that current academic year. Any student who picks up a temporary parking permit and did not purchase a regular parking permit will be charged for the temporary permit. Temporary permits are allowed for up to two weeks, twice per semester. Any amount over two per semester will be charged an additional parking permit fee. The temporary permit application can be printed from our website and filled out with the information before coming to the Office of Parking Services.

**How much is my parking permit?**
Permits are $50 per year regardless of when purchased (Fall or Spring). Summer Session only permits are $15 and can be obtained at that price after the spring semester graduation.

**Where do I pay for my parking permit?**
All monies are collected at the fee payment window located in Elkins Hall or by using the Banner system. Faculty/Staff may have the permit fee deducted from their paycheck.

**What do I need to receive my permit?**
Knowledge of all vehicle information (plate number and state, make, model, year, color, and type) is REQUIRED. Motor vehicle registration is recommended but is not required. Students must know their social security number and/or Banner number. Faculty/Staff MUST present Colonel Card regardless of fee payment.

**PARKING CITATIONS**

**What happens when I do not pay the parking citation?**
If a fine has not been paid or an appeal has not been filed within 20 days from the day the citation was issued, an additional late fee equal to the citation charge for each parking violation will be added. Parking privileges may be suspended and the vehicle may be towed or immobilized. Students will be prevented from completing class registration and/or a transcript will not be released. Faculty and Staff's Vice President will be notified and the University may proceed to withhold the amount of the fine from the faculty/staff members subsequent paycheck.

**CITATION APPEALS**

**What do I do if I feel that the citation is unjust?**
Anyone who believes that a citation is unjust may appeal the citation. The appeal must be submitted 20 days from the date that the citation was issued.

**How do I appeal a citation?**
Appeals can be filed on-line at www.nicholls.edu/apps/parking/appeal or by obtaining an appeal form from the parking office.

**DECAL PLACEMENT POSITION**
Previous student permits must be removed prior to affixing new permit directly to the outside of the rear windshield, on the bottom passenger side of the rear windshield. Registrants must contact Parking Services if unable to affix directly to rear window due to vehicle design. Do not place a new permit directly on an old permit (layered over each other) as this may result in the permit being lost/stolen or a citation being issued. Faculty/Staff permits hang from the rearview mirror facing out and previous permits must be removed.

### ALL PREVIOUS PERMITS MUST BE REMOVED

Student permits must be affixed directly to the outside of the rear windshield, passenger side. Permits **cannot** be taped to the inside of the window. Registrants must contact Parking Services if unable to affix directly to rear window due to vehicle design.

1. Permit must be properly displayed at all times while parking on the Nicholls campus.
2. Lost or stolen permits will be replaced at full cost to the individual. Please safeguard against loss.
3. Permit owners are responsible for all Nicholls parking citations issued to their permit/vehicle.
4. Student permits are not transferable to other vehicles or users and employee permits should only be used by the employee who purchased the permit.
