The institutions under the control of the Board have experienced significant growth and development over the past several years despite the financial limitations within which they, the System office, and the Board have been operating. Since fiscal year 1986–87 to fiscal year 1993–94, overall System enrollment has grown from 75,893 students to 100,930 students, an increase of 32.8 percent. During that period the overall employment and staffing of the System institutions has increased by about 400 full–time equivalent positions, an increase of only 4.4 percent.

Institutions governed by the Board represent more than 60 percent of the total public higher education enrollment in Louisiana. This totals more students than both the Louisiana State University and Southern systems enrollment combined. The Supervisors is also the only governing board which oversees the operation
